Hearing Information:

Dear Madam or Sir:

Organizations performing sampling activities are a vital link in the chain of testing, calibration and inspection. The revised ISO/IEC 17025 (2017) includes clear criteria for organizations performing sampling activities apart from testing and calibration activities. In the previous version (2005), it was not clear if an organization performing only sampling could be accredited as a separate entity, as the title of the standard referred only to testing and calibration laboratories.

The proposed IAS accreditation program will be developed in a similar structure with the Testing and Calibration laboratory accreditation programs, but will outline the specialized conditions which must be met by an organization performing independent sampling activities. The process of accreditation includes office assessment as well as witnessing of the sampling activities conducted by the organization at the sites of sampling.

Eligible entities for accreditation under this program will be legal entities (or part of legal entities) who want to prove their competency in sampling activities to their clients (internal or external), providing confidence to the testing or calibration laboratory activity that will follow. A testing or calibration laboratory performing its own sampling activities will continue to be accredited under the TL or CL program, respectively. However, should they wish to have a separate accreditation for sampling for commercial reasons, they can apply for this program as well.

During this meeting, Dr. George Anastasopoulos will explain the rationale of this proposal related to the accreditation processes.

You are cordially invited to submit written comments, or to attend the committee hearing and present verbal comments. Written comments will be forwarded to the committee, **prior to the hearing**, if received by **August 28, 2019**. Please use the comment form link found on the Accreditation Committee meeting page on the IAS website, www.iasonline.org. Comments may be postal mailed to the address above or emailed to iasinfo@iasonline.org.

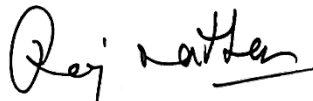

Any written material submitted for committee consideration will be available for public distribution as set forth in Section 4.0 of the Rules of Procedure for Accreditation Committee Meetings (copy enclosed).

Your cooperation is requested in forwarding to the **Brea** office all material directed to the committee.
