

International Accreditation Service and California State University, Dominguez Hills **Accreditation, Standardization and Conformity Assessment Program**

CSUDH

COLLEGE OF EXTENDED &
INTERNATIONAL EDUCATION

INTERNATIONAL
ACCREDITATION
SERVICE®

CSUDH and the IAS have developed a 4 Module Course for IAS clients, ICC membership, Assessors, Subject Matter Experts involved in conformity assessment, University students/alumni, STEM and professionals with practical experience in one or more of the following areas:

- Quality management
- Members of standards development organizations
- Accreditation authorities and the staffs of testing and measuring laboratories

This course is delivered via a cohort format consisting of four modules instructed by recognized Subject Matter Experts in their areas of standardization and conformity. Class meetings will take place online on five Saturdays. Students **must attend all sessions** and pass a written examination with a score of 70% or better on the final Saturday to receive this certificate.

Class Topics, Meeting Dates and Instructors (See class descriptions on page 2)

Module 1 Saturday, February 6, 2021

8 AM-12 PM PDT, ONLINE

- **Conformity Assessment Principles**
- **Management System**

Dr. G. Anastasopoulos / P. Ramakrishnan

Module 2 Saturday, February 13, 2021

8 AM-12 PM PDT, ONLINE

- **Systems of Accreditation**
- **Systems of Certification**

H. Alexander

Module 3 Saturday, February 20, 2021

8 AM-12 PM PDT, ONLINE

- **The World of Standardization**
- **Global Issues in Conformity Assessment**

Dr. G. Anastasopoulos / P. Ramakrishnan

Module 4 Saturday, February 27, 2021

8 AM-12 PM PDT, ONLINE

- **Risk Analysis in Conformity Assessment**
- **The Role of Metrology in Conformity Assessment**

Prof. E. Hazarian

EXAM/PROJECT PRESENTATION

Saturday, **March 13, 2021** | 8 AM-12 PM PDT, ONLINE

P. Ramakrishnan / Prof. E. Hazarian

2 Hours Project Presentation & Course Review

2 Hours Examination

Students must attend all class modules to pass the course. There are no exceptions and there will be no make-up modules.

Instructors will provide the materials for each class meeting.

The total price for the Accreditation, Standardization and Conformity Assessment Certificate Course is **\$599**. Registration must be completed by **February 5, 2021**. Discounts are available for groups of 3 or more.

Module 1 Dr. George Anastasopoulos /
Prasanth S. Ramakrishnan
February 6, 2020

Conformity Assessment Principles

Per ISO/IEC 17000, conformity assessment is demonstration that specified requirements (as stated in normative documents such as regulations, standards and technical specifications) relating to a product (3.3), process, system, person or body are fulfilled.

In this module, conformity assessment principles and techniques will be discussed. The general requirements encompassing the arena of conformity assessment will be addressed.

Management System

To run an efficient and competent organization, adequate implementation of management system is essential.

This module examines the essential and needed elements that are required to establish and effectively implement a well-structured management system. The alignment of management systems that conformity assessment practices will be the focus of the discussions and exercises.

Module 2 Helga Alexander
February 13, 2021

Systems of Accreditation

This module will evaluate the various systems of accreditation. The components of an accreditation system will be examined. Similarities among with various accreditation systems will be evaluated for identifying and implementing a best practices scenario specific to an organization's needs.

Systems of Certification (Products, Management Systems, Persons)

This module will address the systems of certification (Products, Management Systems, Person).

This module will focus on the process of product certification, management system body certification and personnel certification. The perspective of different product schemes implemented in United States and Management Systems certification will be interpreted along with the personnel certification process.

Module 3 Dr. George Anastasopoulos /
Prasanth S. Ramakrishnan
February 20, 2021

The World of Standardization

This module distinguishes what is standardization, need for standardization, elements of standardization, process of standardization and benefits of standardization. The need for standardization, from a global perspective, along the benefits standardization can realize to an organization will be discussed.

Global Issues in Conformity Assessment

This module interprets the potential benefits of conformity assessment. Conformity assessment, from the perspective transcending barriers of trades and economies globally will be examined, as well as distinguishing the constant challenges encountered in the conformity assessment process and forums.

Module 4 Prof. Emil Hazarian
February 27, 2021

Risk Analysis in Conformity Assessment

This module identifies and explains the risk assessment process., including the determination of quantitative or qualitative estimate of risk related to a well-defined situation and a recognized threat (also called hazard).

The Role of Metrology in Conformity Assessment

This module provides guidance and procedures for assessing the conformity of an item (entity, object or system) with specified requirements. The item might be, for example, a gauge block, a grocery scale or a blood sample.

IAS is a nonprofit, public-benefit corporation that has been providing accreditation services since 1975. IAS accredits a wide range of companies

and organizations including governmental entities, commercial businesses, and professional associations. IAS accreditation programs are based on recognized national and international standards that ensure domestic and/or global acceptance of its accreditations.
