- Very Happy with Webinar. Helped me put what we do into better, broader context.
- Awesome class! Would definitely take this Facilitator again.
- The best trainer I had in a few years! MU section was challenging but general concept was understandable.
- I have taken similar training courses provided by other organizations, but I would like to commend both the IAS and the presenter, Edgar Gravel, on the course content and delivery. Ned is very knowledgeable in the 17025 standard and was able to effectively clarify any confusion that I have had in the past. I will be referring this course to any colleague that has interest in the course content.
