Participant Feedback	IAS - Response
Thank You. Maybe could slow the class down a little. Felt it as a little rushed at time, when going over the material.	Understood. I will ask participants at the beginning of each session to let me know if things are going too fast.

Other comments:

- This was an enjoyable and information-packed training with plenty of examples for the class to participate in, which is not an easy thing to do online. I will be looking for additional trainings from this instructor.
- I appreciate how you encouraged (forced!) participation in the session. It is easy for me to sit back and only observe, but by being “thrown into the deep end”, I got so much more out of the training.
- Very happy for taking the course. Ned was well prepared and informative to the subject.
