

# CERTIFICATE OF ACCREDITATION

This is to attest that

#### **UL LLC**

333 PFINGSTEN ROAD NORTHBROOK, ILLINOIS, 60062 U.S.A

# OPERATING IN CONJUNCTION WITH IDENTIFIED FIXED LOCATION UL INTERNATIONAL DEMKO A/S

#### **Product Certification Agency PCA-164**

has met the requirements of the applicable provisions of AC370, *IAS Accreditation Criteria for Product Certification Agencies*, has demonstrated compliance with ISO/IEC Standard 17065:2012, *Conformity assessment - Requirements for bodies certifying products, process and services.* This third-party product certification agency is accredited to provide the services specified in the scope of accreditation.

Effective Date April 15, 2024

#### Notes:

- 1. The product certification used most closely resembles a product certification scheme type as described in ISO/IEC 17067 (2013), Conformity assessment Fundamentals of product certification and guidelines for product certification schemes.
  - a. **Type 1a:** In this scheme, one or more samples of the product are subjected to the determination activities. A certificate of conformity or other statement of conformity (e.g. a letter) is issued for the product type, the characteristics of which are detailed in the certificate or a document referred to in the certificate. Subsequent production items are not covered by the certification body's attestation of conformity.

The samples are representative of subsequent production items which could be referred to by the manufacturer as being manufactured in accordance with the certified type. The certification body may grant to the manufacturer the right to use the type certificate or other statement of conformity (e.g. letter) as a basis for the manufacturer to declare that subsequent production items conform to the specified requirements.
